Do You Have a Family Member That Has Been Diagnosed With Parkinson's Disease?

We are looking for healthy volunteers to participate in a clinical study on Parkinson's disease.

WHO CAN PARTICIPATE?

You are eligible to participate if:

- You are between the ages of 40-65
- Your family member has been diagnosed with Parkinson's disease
- You are in good physical health

Why should I participate? What will I have to do?

We are conducting this study to find better ways of detecting **Parkinson's disease**.

This study consists of a smell identification test (Scratch and Sniff) that can be mailed to your home.

Some subjects will have the option to have a brain MRI and to complete a series of memory and thinking tests.

Compensation for your time will be provided.

Contact Information

Please email: pdadstudy@gmail.com or call [902-473-3147](tel:902-473-3147) if you would like more information, or to schedule an appointment. Please provide your name, phone number, and the best time for us to reach you.
