# Wanted: Healthy volunteers aged 45-70 for research study

We are looking for healthy volunteers to participate in a clinical study on Parkinson's disease.

## WHO CAN PARTICIPATE?

You may be eligible to participate if:

- You are between the ages of 45-70
- You are in good mental and physical health

### Why should I participate? What will I have to do?

We are conducting this study to find better ways of detecting **Parkinson's disease**.

This study will consist of two, 2-hour visits to the CDHA, plus a small task to do at home. This study will contain a MRI component, which involves taking a non-invasive picture of your brain, a smell identification test, a sleep/activity questionnaire and tests of your memory and attention abilities.

Compensation for your time will be provided.

### Contact Information

**Please email: [pdadstudy@gmail.com](mailto:pdadstudy@gmail.com) or call [902-473-3147](tel:902-473-3147) if you would like more information, or to schedule an appointment. Please provide your name, phone number, and the best time for us to reach you.**
